Welcome to SeaBritain

The Dorset Heroes - A Commemoration

This significant venture is a joint presentation by PANTM (the *Purbeck Association of National Trust Members*) and staff and students of The Purbeck School, Wareham

We owe a great debt of gratitude to many people who have made this presentation possible; their contributions are gladly acknowledged on the back of this programme

The biggest tribute, however, must go to the students of The Purbeck School, without whose enthusiasm, hard work and dedication the success of the project would not have been possible

SeaBritain2005 is the UK's *Year of the Sea* and October 21st is the bicentenary of Nelson's historic *Battle of Trafalgar*. It was decided that, while most of the nation would (quite rightly) be remembering Nelson and his leadership, we in Dorset should salute our own heroes, who each played important roles on that memorable day in our long maritime history

From *Victory's Hardy*, whose monument is only a few miles west of Wareham, down to the humblest lower deck Royal Navy ratings and Royal Marines who were there, our great naval history deserves recognition

The Purbeck School and PANTM hope today is interesting, informative and enjoyable for all our guests and visitors. We also hope it is a worthy tribute to *The Dorset Heroes*

To help you, well-informed students with guide badges are in attendance to assist with information about, or directions to, any part of the presentation, including refreshment and toilet facilities
